**Subject:** Carolinas Water Service - Proposed Rate Increase Lake Wylie SC

Dear Sir/Madam,

We are writing to you in regard to the proposed water rate increase by Caolinas Water Service in the Lake Wylie area. While we understand for the need to invest in infrastructure and that there will always be increases in the cost of living, the proposed 80%+ hike by CWS is absolutely unacceptable, particularly for an already badly run, sub-standard service.

Should the rate hike be approved, we will, along with many thousands of other disenfranchized residents, exercise our rights to the fullest extent as a tax payer and, importantly also, as a voter.

Sincerely

Simon & Kristin Robinson
